Upload a file to a Specific Folder - if new and not editing:

Select **Upload Files**

Upload files

You can edit these files
Content visible to everyone

Share this folder

Request a file **New**

Note: If you have re-uploaded a file, you must click on the title and un-lock so the next volunteer can access and make their updates.

Once you uploaded your file and you would like to share it with the group, select from the dropdown

- And Click **Share**
- Click **Select Team**
- Click **Share**

The screenshot shows a OneDrive interface with a file named '19OGHS0709' selected. A share dialog box is open, showing options to share with 'Everyone' or 'Globally Harmonized System Group's team'. The 'Share' button is visible at the bottom right of the dialog. Red arrows from the text on the left point to the 'Link' button in the top right of the file view, the 'Share' button in the top right of the file view, the 'Select team' button for 'Globally Harmonized System Group's team', and the 'Share' button at the bottom right of the share dialog.
